what if people know the person with the gun and do not trust them with it? then it would be 'oh i have to carry a gun to protect myself from this person who is also carrying a gun who dose not trust me'  
jackie - 9 minutes ago

if they take guns away people criminals will still find a way to get them  
Braisly Blood - 13 minutes ago

Guns can keep people safe as well as hurt people. no one ever thinks of the side where guns can protect you and your family  
Braisly Blood - 14 minutes ago

I don't think it's worth voicing your opinion when you could potentially get in a lot of trouble for it.  
Braisly Blood - 16 minutes ago

What do you all think? Do numbers determine who is right - majority rules?  
When is it time to listen to the minority?

its only worth it when you make a difference  
hunter - 25 minutes ago

I think since people don't know how to solve global warming they ignore it  
Braisly Blood - 30 minutes ago

Hi all. Please read the instructions on my webpage.
